

## USDA RENOVATION

PROGRAM SPECIFICATIONS	
<b>Description</b>	Allows borrowers to finance the cost of repairs to improve an existing dwelling at the time of purchase. The maximum loan amount cannot exceed the cost of acquisition plus the cost of repairs up to the as-improved market value, plus the guarantee fee, if financed. The borrower obtains one loan at a fixed interest rate to finance both the acquisition and the rehabilitation of the property. The loan is guaranteed after the loan has closed, prior to the completion of repairs which minimized the risk to the lender. There is no minimum repair cost for non-structural repairs. Repairs above \$35,000 require a HUD Consultant.
